

PREETAM PIPES SYNDICATE LLP

COMPANY PROFILE

About Us

Welcome to the PREETAM® Group

- Established in the year 1962 as “Preetam Pipes Syndicate” by our founder Late Mr. Preetamsingh Narainsingh, we have been catering to the requirements of Central, State, Quasi Government Departments as well as Prestigious Infrastructure Companies.
- Our dependence on fair trade practices and a deeply entrenched value system ensures us of the patronage that we enjoyed over the decades with our customers as well as our vendors.
- We have recently embarked on an expansion path as a result of which we have expanded our product range and increased our inventories to shorten delivery lead times. We have also been incorporated with Limited Liability in the month of November 2020

Our Promise

Why Choose Us

- Having over five decades of experience and an impeccable reputation to live up to, we have made our processes completely customer focused. Every activity within our organization prioritizes customer requirements and convenience.
- From the time an Order is registered at our end till the time the goods reach our customers site, every activity has been structured to be efficient so as to avoid delays due to oversight and omission.
- Initiatives such as Text Alerts for all transactions posted keep our customers abreast with the status of their orders at every stage.
- This apart, we choose our vendors carefully with a no compromise on quality policy and therefore products supplied by us are consistent in quality at all times.
- We invite you to a whole new experience in sourcing your project requirements with a request to send us your BOQ and leave the rest to us.
- From carrying out Third Party Inspection to supplying brands preferred by you we are here to make your project purchases easier and completely hassle free.

Quality Assurance

- At PREETAM® Quality is paramount and evident in every aspect of our activity.
- A quality assurance system is said to increase customer confidence and a company's credibility, to improve work processes and efficiency, and to enable a company to better compete with others.
- We have customized processes to ensure that not only the products that we supply, but every activity of our business is based on a standardized process and therefore not arbitrary or discretionary.
- For us “Every Customer is Valuable” and so our Quality Assurance System is not only applied to the products that we supply but also to the way we conduct our business and interact with our customers, vendors and employees.
